with good cookery.*

## BEM BRASIL NORTHERN QUARTER

Manchester's Northern Quarter is home to the original Bem Brasil with its legendary authenticity and warm, friendly atmosphere.

Our restaurant is still run by the founder of the Bem Brasil concept, along with his son and daughter. And not only is the food and drink amazing with room for more than 100 covers, the intimate drinking area around the bar allow guests to watch our master cocktail bartenders create the most amazing cocktails.

We don't believe in limits at Bem Brasil, and so we use our unique style of service – churrascaria de Rodizio. For one set price guests can enjoy an extensive choice of different cuts of meat from our traditional Brazilian BBQ, all carved individually at your table. We firmly believe that you should be able to try all of our amazing meats – not choose only one.

The concept is simple. Enjoy a wide variety of different cuts of the most succulent beef, lamb, chicken and pork, all marinated in the traditional Brazilian way, fire-roasted on our traditional barbeque and carved at your table.

Our experienced passadors (meat carvers) will keep coming back with more until you ask them to stop! We also offer a vast selection of Brazilian hot dishes, salads and breads, all freshly-made in house to our traditional recipes.
